Section I.c Enrollment

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled.

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and *not* an enrolled student.

[Additional guidance on reporting race and ethnicity data.](#)

Average number of clock hours required for student teaching	560
Average number of clock hours required for mentoring/induction support	0
Number of full-time equivalent faculty supervising clinical experience during this academic year	19
Number of adjunct faculty supervising clinical experience during this academic year (IHE and PreK-12 staff)	4
Number of students in supervised clinical experience during this academic year	99

Please provide any additional information about or descriptions of the supervised clinical experiences:

Number of students in supervised clinical experiences include pre-internship field experiences as well as internships. All enrolled students participate in field experiences and/or internship each year.

Section I.e Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2014-15. For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

Section I.f Program Completers

Provide the total number of teacher preparation program completers in each of the following academic years:

2014-15: 26

2013-14: 34

2012-13: 44

Section II Annual Goals - Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. (§205(a)(1)(A)(ii), §206(a))

Information about teacher shortage areas can be found at <http://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in mathematics in each of three academic years.

Academic year 2014-15

Did your program prepare teachers in mathematics in 2014-15?

Yes

How many prospective teachers did your program plan to add in mathematics in 2014-15?

2

Did your program meet the goal for prospective teachers set in mathematics in 2014-15?

No

Description of strategies used to achieve goal, if applicable:

Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

1. Participation in the federally-funded TEACH grant program for critical need areas.
2. Participation in university-wide Graduate School recruitment efforts when possible that enable us to talk to prospective students.

3. Continued collaboration with faculty in teaching field, including initiatives related to STEM (Science, Technology, Engineering, and Mathematics) and SMTI (Science and Mathematics Teacher Imperative) to increase number of prospective students.

Provide any additional comments, exceptions and explanations below:

Academic year 2015-16

Is your program preparing teachers in mathematics in 2015-16?

Yes

How many prospective teachers did your program plan to add in mathematics in 2015-16?

1

Provide any additional comments, exceptions and explanations below:

In working with Arts and Science faculty who teach our Math courses, graduate classes are only offered during the day and our Alt A candidates are unable to progress through their program in a timely manner. Thus, program completion is taking longer.

Academic year 2016-17

Will your program prepare teachers in mathematics in 2016-17?

Yes

How many prospective teachers does your program plan to add in mathematics in 2016-17?

1

Provide any additional comments, exceptions and explanations below:

Section II Annual Goals - Science

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. Section IV Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program.

Is your teacher preparation program currently approved or accredited?

Yes

If yes, please specify the organization(s) that approved or accredited your program:

State

NCATE

Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

No

Section V Use of Technology

Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare teachers to:

- integrate technology effectively into curricula and instruction
Yes
- use technology effectively to collect data to improve teaching and learning
Yes
- use technology effectively to manage data to improve teaching and learning
Yes
- use technology effectively to analyze data to improve teaching and learning
Yes

Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

All traditional programs have been aligned with technology standards delineated by the ALSDE and include a course specifically designed to meet these technology standards. In addition, methods courses, practicum and internship require candidates to utilize technology in their instructional planning and analysis of student learning. The curriculum and instruction classes are created from the perspective that teachers must design instruction considering multiple approaches to meet the needs of diverse learners. Assessment classes also address highlighting programs and resources that assist teachers with monitoring the progress of all students and that allow multiple means of expression to demonstrate knowledge.

Section VI Teacher Training

Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.
